For the People,  
By the **People**

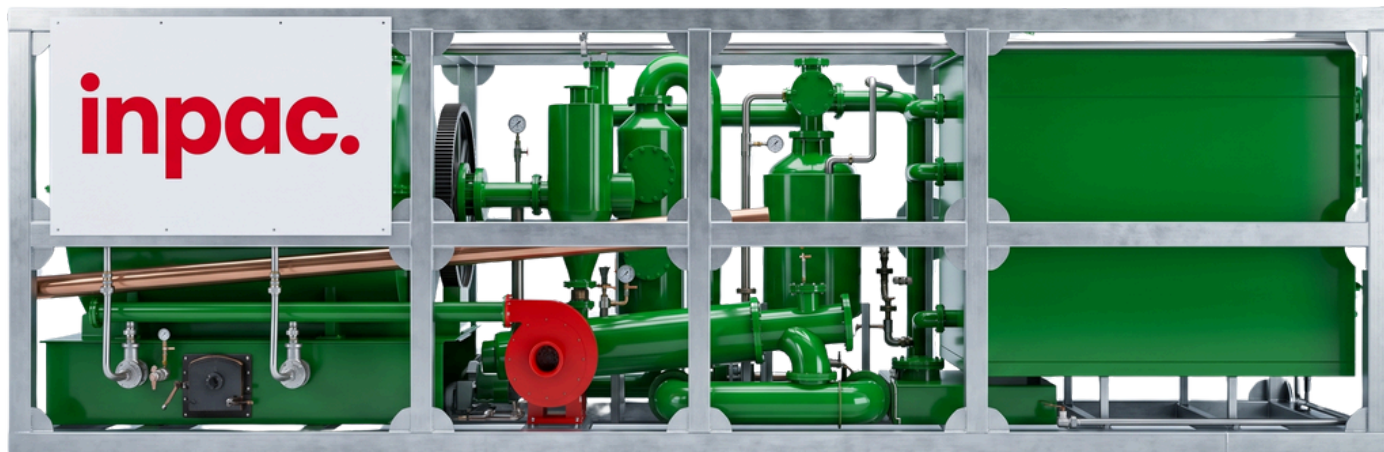

INPAC is dedicated to creating opportunities for communities across the Asia Pacific, restoring the environment, strengthening local infrastructure and supporting the next generation.

INPAC (Invest Asia Pacific) is an Asia Pacific-driven organisation focused on green development, environmental restoration, and community-led growth. We work alongside governments, leaders, and local communities to fund and deliver projects that protect the land and sea, while creating long-term prosperity. We are here to ensure that communities across the Asia Pacific can thrive on their own terms, protecting the oceans, lands, and cultures that define them.

Designed by **INPAC**,  
Built for Indonesia

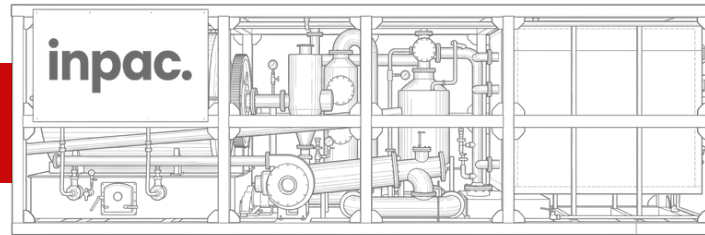

# MODULAR PYROLYSIS

ONE CONTAINER. LOW COMPLEXITY.  
**TOTAL SOLUTION.**

A self-contained modular pyrolysis plant engineered to deploy on any site with minimal civil works, scaling cleanly to suit businesses, manufacturers, and operators of every size.

## HOW IT WORKS?

### **FEED**

Hydraulic loading via Automated Moving Trucks.

### **PROCESS**

Thermal pyrolysis converts waste to vapour and char.

### **REFINE**

Distillation and purification produce high-value fuel.

### **RESULTS**

Refined crude oil suitable for a broad range of energy applications, including electricity generation.

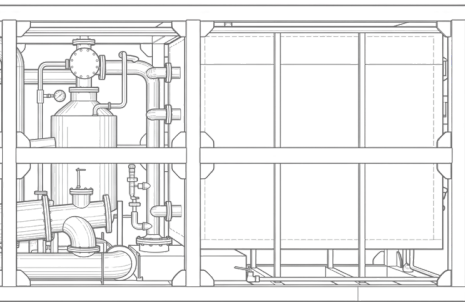

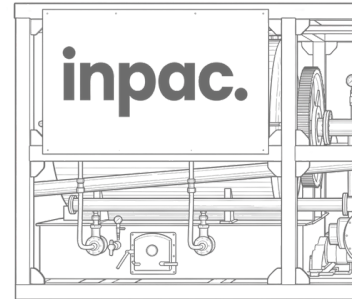

Designed by **INPAC**,  
Built for Indonesia

## DAILY CAPACITY

**Process Up To 1.5 Metric Tonnes of Waste Per Day**

Each modular unit is engineered to handle up to 1.5 metric tonnes of feedstock daily, delivering reliable, continuous output for both public sector and private enterprise operations.

## SUITABLE FOR PUBLIC & PRIVATE OPERATORS

Whether you operate municipal infrastructure or run a commercial enterprise, the modular footprint adapts to your site and ownership model.

# TOTAL INVESTMENT REQUIRED

## IDR 1 BILLION, FULLY DELIVERED

INVESTMENT  
**IDR  
1,000,000,000**

Complete turnkey solution

DELIVERY  
**CIF/DPU  
INDONESIA**

We manage freight, insurance and unloading at your site.

FLEXIBLE  
PAYMENT TERMS  
**30%/70%**

30% Deposit. 70% balance only upon successful installation.

AVERAGE  
PAYBACK PERIOD  
**2.5 YEARS**

Typical time for the unit to pay itself off across our customer base.
